The Legend of the 'Kermode' Spirit Bear.

Found only in British Columbia's northern forests, the rare "Spirit Bear" or "Kermode Bear" is widely recognized for its unique white colouring.

A First Nation legend states that the Raven, their creator, made these bears white as a reminder of the time when the world was pure and clean and covered with snowdrifts and ice blue glaciers. Raven promised that these bears would live in peace and harmony forever.

Who is the British Columbia Lions Society for Children with Disabilities?

In 1947 a group of Lions felt there was a need for transportation for children with disabilities. With their own vehicles they began the first transportation program for these children. This idea developed into what we now know as the British Columbia Lions Society for Children with Disabilities.

The Society has been a registered charitable organization since 1952. You may also know us as the Easter Seal People. Under both names, our mandate is to support children with disabilities throughout British Columbia. The Society provides specialized programs and services to help children develop their abilities to their full potential.

Our services include:

- Easter Seal Camps
Shawigan, Squamish and Winfield
- Easter Seal Houses
Vancouver, Victoria and Prince George
- Easter Seal Buses
- Patient Care Grants
- Vancouver Hospital Helipad
- Lions Laser Skin Care Centre
at Vancouver Hospital

Who is the Canucks for Kids' Fund?

The Canucks for Kids' Fund is the charitable arm of the Vancouver Canucks. Its focus is to reach out to children's causes within the areas of education, grassroots hockey development, and not-for-profit children's organizations. The primary beneficiary of the Canucks for Kids' Fund is Canuck Place Children's Hospice, an innovative program offering specialized care for BC children and their families when the child is living with a progressive life limiting illness.
